

Position:	Software Engineer – Full Stack Web	Employment Status:	Full Time
Location:	Phoenix, AZ	Shift:	1
Experience:	5+ Years	Weekends:	Minimal
Salary:	DOE and Market Value	Travel Required:	None

Description:

EboCom is a fast-growing boutique technology company that provides back-office payment processing services. “Fast, focused and flexible” is our motto at eboCom and the eboCom team is the “best of the best”! We are focused on taking our technology to the next level and we are looking for another individual to join our team who possesses a “can do” attitude and is eager to help support our growth.

As a key team member, the ideal candidate will have experience developing full stack web applications. This individual will work closely with the product development manager and other team members in a lead role to design and develop software in both a web-facing and server environment.

Responsibilities:

- Design, develop and support highly scalable, reliable and feature rich transaction processing and reporting environments
- Run and monitor software performance tests on new and existing applications for the purposes of remediating issues, isolating areas for improvement and general debugging
- Administer critical analysis of test results and deliver solutions to problem areas
- Assist in the development and maintenance of code documentation
- Work with business and technical users to understand requirements
- Collaborate with technical resources (System Admins, DBAs, Security Admins)

Position Qualification Requirements:

- Bachelor's degree or equivalent experience
- 5+ years of experience with web interface design using React, Node, TypeScript, CSS
- 3+ years of solid back-end Java development experience
- Experience with SQL queries and relational databases
- Experience with test, build, and deployment tools (Jest, JUnit, Selenium, Maven, Gradle, Jenkins)
- Experience managing and configuring application servers, such as JBOSS EAP, Wildfly, Tomcat
- Working knowledge and experience with Linux OS
- Ability to work independently with limited guidance in a collaborative team environment
- Self-starter with strong organization skills and attention to detail
- Effective analytical and problem-solving skills
- Ability to manage multiple tasks with shifting priorities

Additional Skill Considerations:

- Experience with Red Hat Keycloak
- Working knowledge and experience with nginx
- Working knowledge and experience within the Financial Payments industry

Compensation Package:

- Paid Personal Time Off (vacation and sick days)
- 100% Paid - Family Medical, Dental and Vision Insurance
- 100% Paid - Life, Short-term and Long-term Disability Insurance
- Competitive salary
- Respectful and Harmonious First-Class Work Environment
- Paid Covered Parking

LOCAL APPLICANTS ONLY – NO SPONSORSHIPS – NO VISA TRANSFERS – NO THIRD PARTIES

Obsessed with Excellence!
